# 26<sup>th</sup> Kent Memorial Lectures National Homoeopathic Conference

**THEME:**

**"DR. HAMER'S METHOD TO IMPROVE SUCCESS  
RATE IN HOMOEOPATHY"**

**15<sup>th</sup>-16<sup>th</sup> September 2018 at PHD House, New Delhi**

Dr. Hamer's research work on about 20,000 cases, the key finding was the severe emotional shock, for which the person was totally unprepared. He discovered that every shock leaves a dark shadow on the brain (duly confirmed by brain scan) in the exact location that corresponds to the body structure manifesting the disease. Thus, he was able to establish a 100% correlation between the shadow on the brain, and the specific type of unresolved conflict. Dr. Hamer observed that diseases have two distinct phases: the "conflict/active phase", and the "healing/resolution phase". Once the shock situation is resolved, the body automatically begins to return to normalcy.

The objective of the conference would be to provide safe and quality homeopathic treatments to patients without side effects and build a healthy world through a very humane approach and educate people about Homeopathy & its importance from the other systems. Also to showcase and promote Dr. Hamer's Method to Improve Success Rate in Homoeopathy.

Homeopathy is the second largest system of medicine in the world. Cancer patients also seek homoeopathic treatment.

Clinical studies indicate that homeopathy either stand alone or in combination with conventional care can improve quality of life, reduce symptom burden, and possibly improve survival in patients with cancer and thus can be used as integrative management therapy. Few pre-clinical research studies with homoeopathic medicines have identified the anticancer role and delineated the detailed molecular mechanism(s) underlying their apoptogenic effect. The findings from several research studies and homoeopathic literature suggest the beneficial effect of homeopathy (Standard Treatment Guidelines in Homoeopathy, CCRH, 2016).

**Against this backdrop PHD Chamber in association with South Delhi Homoeopathic Association and with the technical support of Central Council of Research in Homeopathy, Ministry of AYUSH, Govt. of India is organizing 26<sup>th</sup> Kent Memorial Lectures National Homoeopathic Conference on Theme "Dr. Hamer's Method to Improve Success Rate in Homoeopathy on 15th-16th Sept 2018 at PHD House, New Delhi.**
