**Request for Expression of Interest for the supply of Spectroscopy Equipment for
Mauritius Cane Industry Authority Procurement Reference No: MCIA/EOI/2017/022**

The Mauritius Cane Industry Authority (MCIA), a parastatal body falling under the aegis of the Ministry of Agro-Industry and Food Security, invites potential national and international bidders with expertise and experience to submit Expression of Interest for the supply of Spectroscopy Equipment to MCIA.

The equipment will be used in the setting up of a Soil-Plant Spectral Analytical Unit at the Mauritius Sugarcane Industry Research Institute (MSIRI) of MCIA, based on Fourier Transform Mid-Infra Red (FT-MIR) Spectroscopy and portable X-ray Fluorescence (pXRF) Spectroscopy.

The items of equipment/services to be supplied are:

1. Bruker Alpha FT-IR spectrometer with diffuse reflectance accessory plus Reflectance module for contactless measurement with extended focus
2. Bruker AXS Handheld Tracer 5i SD X-ray fluorescence spectrometer
3. Training in calibration, use and application of spectral technology in soil and plant analysis.

The combined FT-IR and pXRF system should be capable of determining soil physico-chemical properties (soil texture, moisture and water holding capacity, pH, electrical conductivity, total and potentially mineralizable nitrogen, phosphorus and potassium, organic carbon, exchangeable cations and cationic exchange capacity and total concentration of heavy metals) as well as total elemental concentrations of macro and micro nutrients in plant tissue.

The setting up this Spectral Analytical Unit will be done in collaboration with the Soil-Plant Spectral Diagnostics Laboratory, International Centre for Research in Agroforestry (ICRAF), Nairobi, Kenya, which also supports a network of infra-red spectroscopy national laboratories for low cost, high throughput soil and plant analysis in Africa. The protocols and calibrations developed by ICRAF are specific to certain makes, models and specifications of spectrometer equipment and cannot be transferred to other makes or models of instruments.

Interested potential bidders are requested to express their interests in writing with all related documents determining the expertise and experience, in a sealed envelope clearly marked: "Expression of Interest for the Supply of Spectroscopy Equipment – MCIA/EOI/2017/22", addressed to the **Chief Executive Officer, Mauritius Cane Industry Authority (MCIA), Réduit, Mauritius** and should be deposited in the **Tender Box** at the address mentioned above, on or before **Wednesday 31 January 2018 up to 13.30 hours (local time)** at latest.

For international potential bidders, the bids should reach the address mentioned above by registered mail or other registered courier services on or before the closing date and time.

Electronic bidding **shall not** be accepted. Late bids will be rejected.
Price proposals **should not** be submitted at this stage.

All costs incurred by the bidders for the Expression of Interest shall be borne by the bidders and **will not** be reimbursed.

The Mauritius Cane Industry Authority (MCIA) reserves the right to accept or reject any interest expressed and to annul the whole EOI exercise without thereby incurring any liability to any participant/s or any obligation to inform those who have expressed interest on the grounds of its action.
